**Believes Best Interests of Country Depend on Friendliness of America**

## SEE NEED OF RELIGION

**Speaker at Convention of Episcopal Clergymen Says Only Unjust Discrimination Against Japs Would Cause Trouble—Country Shows Willingness to Accept Desires of Uncle Sam**

St. Louis, October 18.—Japanese people feel that the best interests of their country depend on the preservation of friendly relations with the United States, the Rt. Rev. H. St. George Tucker, bishop of Kyoto, told delegates to the general convention of the Protestant Episcopal Church today.

"The only possible cause of trouble," Bishop Tucker said, "would be in a conviction on the part of the Japanese that they were being unjustly discriminated against and their national honor involved."

"Even in regard to the question of immigration of the Japanese into this country the Japanese government has shown willingness to meet the wishes of the United States by a so-called gentlemen's agreement. It has undertaken to prevent further emigration of Japanese to America and statistics show that in the past few years they carried out this agreement."

Bishop Tucker asserted occidental life and thought is penetrating the countries of the orient in an ever increasing volume and said the purpose of Christianity there is to see that the peoples receive not only the materialistic and intellectual side of our civilization, but also its idealistic side.

"While the Japanese, whose thinkers realize that some form of religion is so essential to safeguard the moral life of the people," he said, "are not yet persuaded that Christianity is best fitted to meet their need, our progress in Japan gives every reason to believe that in the future the people will recognize its value."

Speaking of China, Bishop Tucker declared that Christian missionaries in that country have done much to ameliorate social conditions by building hospitals, establishing medical schools, and encouraging the Chinese to study modern medical methods to be in this country," said the bishop, "a feeling that the development of Japanese interests in China constitutes a peril to the United States. I do not feel this to be the case and certainly as the natives become Christians the peril will be diminished."

Today's joint session was devoted to a conference on "what is this church trying to do in her work abroad?"

Announcement was made that a resolution had been adopted by the house of bishops and concurred in by the house of deputies providing for the appointment of a commission to promote the spread of the desire for peace in the world and international friendship and to relate their operations to the world alliance for promoting international friendship through the churches.

The commission will be composed of ten bishops, ten clergymen and ten laymen.

## Ohio Strong in Masonic Circles Says Grand Master

Columbus, Oct. 18.—That Ohio is now one of the strongest Masonic states in the country, numerically and otherwise, was shown in the annual address of Most Worshipful Grand Master Frank H. Marquis, of Mansfield, delivered at the opening session here today of the grand lodge of Ohio, Free & Accepted Masons. Other reports made at the session showed that the blue lodges of the state gained nearly 6,000 in membership during the past year bringing up the total for the state to 107,039.

More than 1,000 representatives and visitors from throughout the state are here for the meeting of the grand lodge. The sessions of the grand lodge will be completed Thursday. Officers will be elected tomorrow and a place of meeting for next year chosen. Springfield and Columbus are prominent contenders for next year's meeting.

## Fines For Speeding Must Go To State Says An Examiner

Columbus, Oct. 18.—Automobile speeders cannot be prosecuted under municipal ordinances but only under state law, regulating speed, according to a ruling of State Examiner C. E. Lippincott of the state bureau of accounting who filed a report on the village of Gibbonsburg today holding that the mayor and his marshal must return a \$5 fine and \$2 costs assessed against Harry Oberst for speeding, because the prosecution was under a city ordinance and not a state law. This means that many fines assessed against speeders must go to the state and not to local funds.

## 800,000 VOTERS ARE REGISTERED; 300,000 WOMEN

(Associated Press Telegram) Chicago, Oct. 17.—Chicago today has more qualified voters than any city in the country, the total of men and women on the registration books being 808,728 or more than 70,000 in excess of New York's registration. Complete returns today from the registration yesterday, the last test of the presidential election show, that 504,467 men and 304,261 women are now enrolled.

Political managers of all parties today expressed surprise at the big woman registration which had been estimated at only 300,000 for the entire state. It returns from outside of Chicago show the same enthusiasm among women to register as in this city. It is estimated that 500,000 of that sex will be entitled to vote in Illinois for president November 7.

The total registration of men and women in the entire state is expected to be more than 1,900,000.

## PRESIDENT OFF ON THIRD TRIP OF CAMPAIGN

(Associated Press Telegram) Long Branch, N. J., Oct. 18.—With election day less than three weeks off, President Wilson's program for today called for the start of his third campaign trip into the middle west. Through three speeches in Chicago and handshaking from his private car at more than a score of towns and cities in New York, Ohio, Illinois, and Indiana he expects to reach many thousands voters during his brief absence from Shadow Lawn.

The President's departure from Long Branch was set for 11:08 o'clock this morning, his arrival in New York City at 12:30 o'clock this afternoon and his departure from New York at one o'clock. Nine brief stops in New York state will be made during the afternoon and evening.

During the journey the president expects to work on a speech he will make here, Oct. 23, at the celebration of Woodrow Wilson day. The message contained in this speech will be sent out in advance and read at Wilson meetings now being arranged in various parts of the country.

## DIRECT STEAMER SERVICE BETWEEN AMERICAN PORTS

(Associated Press Telegram) Philadelphia, Oct. 18.—Inaugurating a direct steamship service between this port and South America, the steamship Carolyn sailed from the municipal pier early today with a capacity cargo. Her holds were filled to overflowing and five hundred tons of automobiles for Buenos Aires were lashed to the vessel's decks.

The Carolyn will make her first stop at Rio Janeiro.

## Ohio Presidents At Club Meeting Hold Conference

(Associated Press Telegram) Dayton, O., Oct. 18.—A conference of club presidents of Ohio women's clubs was held this morning, as the opening feature of the convention now in progress here, and reports were later made to the convention as a whole of the biennial conference in New York this year. Miss Florence Allen of Cleveland discussed "Feminism and Democracy." Mrs. Etta Morse Espy of this city discussed "Food Adulteration" and Mrs. Louise Mittendorf, who has recently assumed the trusteeship of the new state women's correctional institution at Marysville spoke of her work. Dean Shaller Mathews of the University of Chicago is scheduled to deliver an address on "The United States and International Relations" tonight.

## Warner Factory Absorbed By The Chevrolet Co.

(Associated Press Telegram) Toledo, Oct. 18.—The Warner Manufacturing plant, a branch of the Willys-Overland company will pass out of existence today, having been absorbed by the Chevrolet Motors company. The transfer was arranged some time ago. The plant will be used for the manufacture of transmissions for the six Chevrolet factories. The new company will employ about one thousand men. Thomas W. Warner, president of the old concern, will continue as general manager under the new ownership.

## STUDENTS STILL OUT. Cleveland, Oct. 18.—The two hundred students at Western Reserve Dental school, who "walked out" Monday afternoon, were still on strike this morning.

The trustees of the school have not made it possible for the school to become recognized by the Ohio State dental board as a first class institution and are on strike to force this recognition.

DAM READY FOR USE. Huntingdon, W. Va., Oct. 18.—Dam No. 29, which is being constructed in the Ohio river 15 miles below Huntingdon, will be ready for use in two weeks, according to an announcement made here. The dam will be the first of a number now being built between here and Cincinnati to be opened.

## STORM

**Rages on Gulf of Mexico Where Wind Blows 90 Miles an Hour**

## STORM WARNING ISSUED

**Tide at Pensacola Two Feet Higher Than Normal and Much Alarm Felt For the Safety of Shipping—Hurricane Came Up From West Indies and Grows Stronger**

(Associated Press Telegram) New Orleans, La., Oct. 18.—A message received here shortly before 9 o'clock this morning by the Postal Telegraph Company from Mobile stated the wind there at that time was blowing 90 miles an hour. All telegraph and telephone connection between Mobile and New Orleans was lost after 9 a. m.

An east to southeast gale was blowing 98 miles an hour at Fort Morgan, Ala., at the entrance to Mobile bay, at 6:45 this morning, according to a radio message, received here today. The message stated the wind averaged 90 miles with occasional gusts reaching 98. The storm struck Ft. Morgan about 4 a. m.

The wind was blowing 72 miles an hour from the northeast at Pensacola, Fla., at 6:15 this morning, according to the weather bureau here said the barometer at Pensacola showed 29.40 and a tide two feet higher than normal was running. Fifteen minutes earlier, the report stated, the wind was blowing 60 miles from the east and the barometer was 29.48.

The report from Pensacola together with reports from Mobile of a forty-eight mile east wind and a barometer of 29.46 at 7 a. m. was considered as indicating the center of the tropical hurricane might sweep inland from the gulf somewhere near Pensacola. Efforts to reach Pensacola from New Orleans by telegraph and telephone failed after 3 o'clock. The wire companies reported the storm appeared to be increasing in violence there when connections were lost.

Gulfport, Miss., at 7 a. m. reported a barometer of 29.44 and a twenty-mile wind with high rides.

Burwood, La., had a 20-mile wind from the northwest and a barometer of 29.46. Rainfall of 11.88 inches was recorded at Burwood during the last twenty-four hours.

In New Orleans the wind was blowing at less than ten miles an hour from the northwest and the barometer registered 29.54 at eight o'clock.

## WARNING ISSUED.

(Associated Press Telegram) Washington, Oct. 18.—The West Indian hurricane which has been driving through the Caribbean sea and Gulf of Mexico this week, is rapidly approaching the American coast and is expected to move inland somewhere between New Orleans and Appalachicola, Fla. Hurricane warnings were ordered by the weather bureau at 9 a. m. to be hoisted between those points. Indications were that the storm had increased in intensity as it neared the coast and all marine and other interests along the gulf were given warning.

With the approach of the storm the weather bureau ordered advisory warnings of strong gales sent to interior points in Georgia, Florida, Alabama and Mississippi. It is believed the tropical disturbance will turn northeastward and cause heavy rains through the east gulf and Atlantic states generally, reaching southern New England during Thursday. Storm warnings also were ordered displayed on the Atlantic coast from Norfolk to Savannah.

## LULL IN STORM.

(Associated Press Telegram) Montgomery, Ala., Oct. 18.—A telephone message from Pensacola at 9:10 a. m. stated the wind had reached a velocity of 71 miles an hour, after which there was a lull, the wind dropping back to 61 miles an hour. The storm center apparently is headed directly toward Pensacola.

## AFFECTS COTTON PRICES.

(Associated Press Telegram) New York, Oct. 18.—Fears of crop damage from the tropical storm which struck Alabama early today caused an advance of prices on the cotton market to the highest level for this season of the year since the civil war. January contracts sold at \$18.70 or \$2.75 a bale above yesterday's closing figures. The market was more active and excited than at any time previously this season. Later prices eased a few points from the best.

## Woman Carrying Baby, Shoots Man In Chicago Court

(Associated Press Telegram) Chicago, Oct. 18.—Carrying a baby in her arms, Mrs. Catherine Marak, mother of four children, fired three shots at the crowded court room of Judge Fogel today, probably fatally wounding Jacob Klaus, who had been named by her husband as co-respondent.

## RAILROAD MEN DISCUSS EFFECT OF EUROPE'S WAR

(Associated Press Telegram) Washington, Oct. 18.—War's effect on railroad finances during the next few years was one of the principal subjects under discussion at the annual meeting of the society of railway financial officers here today. Financial preparedness for future national emergencies also had an important place on the program.

Paymasters of roads employing great numbers of illiterate foreign laborers explained the system of requiring thumb prints on receipts for wages. Several speakers urged railroads to establish company agencies for receiving employees' savings.

The American Association of Passenger Traffic officers, also in session here heard addresses on technical administrative questions today.

## GAS RATE CASE MAY BE REACHED AFTER HOLIDAYS

The Newark gas rate case, which is now in the Supreme Court of the United States, may be settled by that body shortly after the holidays. While no definite information is at hand, Solicitor Ralph Norpell states that the case, had originally been set for October 1, but that later it was agreed to hear statements of counsel either in the latter part of December or early in January. The city will be represented before the court either by Solicitor Norpell, Hon. Edw. Kibler, Sr., or ex-City Solicitor Frank A. Bolton, or possibly by two of the attorneys.

This long drawn out legal battle which has been in courts for a number of years, in case the city gets a favorable decision the escrow fund of nearly \$200,000 will be divided at once among the gas consumers. In the meantime the resolution before the city council to divide the escrow fund between the gas company and consumers on a fifty-fifty basis has been given its second reading and will be given the final reading at the next meeting on Tuesday, Nov. 7. This provides that the matter be left to a vote of the people at a special election to be held upon a date agreed upon, the gas company to bear all expenses of such an election.

## EXPERIENCED MEN ASSIGNED TO NEW DREADNAUGHT

(Associated Press Telegram) New York, Oct. 18.—The crew of the new superdreadnaught, Arizona, which takes her place today in the battle line of the Atlantic fleet with her sister ship, the Pennsylvania, came from the older battleships Kansas, New Hampshire and Vermont, recently transferred to the Atlantic reserve fleet at Philadelphia. An officer of the Arizona pointed out that the Arizona's twelve 14-inch guns throw six thousand pounds more to a broadside than was contained in the combined broadsides of the Kansas, Vermont and New Hampshire. The Arizona's broadside weighs about ten tons and can be hurled about twenty miles. The other three ships combined carried twelve 12-inch guns in their main batteries.

The Arizona is too big and important to risk a chance with a "green crew," said one of the Arizona's officers. "The only sensible thing to do was to give us a trained crew, and the only place to get these men was out of the active fleet. As the Kansas, New Hampshire and Vermont were going into the reserve where they belong they furnished a majority of the men."

The Connecticut, the sole remaining vessel of the pre-dreadnaught type, now in the Atlantic fleet, is destined to go in the reserve, as the fleet has been reorganized, so far as its first fighting line is concerned, into an all-dreadnaught fleet. When the commission next year, there will be 19 vessels of the dreadnaught class in the four active battle divisions of the fleet.

## Gasoline Output Should Be Subject To Legislation

(Associated Press Telegram) Washington, Oct. 18.—National legislation to be supported by state laws was suggested by the United States bureau of standards today as one of the first steps to standardize the country's gasoline output. A system of inspection, either national or state, was proposed too, as necessary to safeguard the consumer's interest.

A statement issued by the bureau told of efforts by government experts to arrive at a warranted standardization test and warned state executive bodies to go slowly in setting tests when the proposed laws cannot receive the attention of technical experts. Satisfactory specifications will be hard to find under the best conditions. It is declared.

## ITALIAN WARSHIP SPEEDIER THAN OCEAN LINERS.

Rome, Via Paris, Oct. 18.—Italy now possesses a type of warship whose speed is three times as great as that of the greatest trans-Atlantic liner, according to the Giornale Italia. The sea trial of the first of these ships to be completed was witnessed by a correspondent of the paper. Three others are building. All of the new vessels will use oil fuel.

## EFFORTS

**Of Belligerents Redoubled Upon Approach of the Cold Season**

## RUMANIANS REORGANIZE

**Reports Indicate That Teutonic Success In Transylvania Has Been Checked—French Report Repulse of Heavy German Attacks On Somme Front—Russians Aiding Rumanians**

(Associated Press Telegram) London, Oct. 18.—Official announcements today from the entente side report an effective stand by the Rumanians against General von Falkenhayn's armies along the Transylvanian border and the sanguinary repulse by the French of heavy German assaults on the new French positions in Saillly-Saillise on the Somme front. The approach of the cold season is accompanied by no diminution in activity in most of the European battle areas. In some of them, indeed, the efforts of the belligerents apparently are being redoubled. This seems notably true along the eastern front, from Volhynia to Rumania, whence continuous fighting is reported with further south the attempt of the central powers to drive a wedge between the Russians and Rumanians near Dorna Watra, in the southern Carpathians, is in an uncertain stage. Berlin has reported the capture of some heights, but Petrograd claims the repulse of all the Teutonic enemies.

Berlin has conceded the stiffening of the Rumanian resistance along the Transylvanian front and Bucharest advices today declare that King Ferdinand's troops are making a successful stand at one point at least, in the Predeal region, south of Kronstadt, is pushing General von Falkenhayn's armies back. From the Rumanian viewpoint, all the military news is reassuring, it is claimed.

Russian troops in force are reported helping the Rumanians to defend the passes from Transylvania into their territory. On the Somme front German attacks were delivered against the French line both north and south of the Somme. Three assaults by the Germans on the French in Saillly-Saillise are declared by Paris to have been repulsed with heavy losses to the Germans who were also repulsed after they had gained a footing in a French first line trench near Berny-en-Santerre, south of the river.

On the British front in the Somme region progress by General Haig's forces between the Albert-Bapaume road and Les Boeufs is reported despite the prevalence of rainy weather.

## 13 YEAR OLD GIRL KILLED FATHER WITH A HATCHET

Clarksburg, W. Va., Oct. 18.—Lena Bonafiglio, a 13 year old school girl, was taken to jail today charged with killing her father, Frank Bonafiglio, who is sleeping in their home at Kelley Hill, near here, last night. His head was literally chopped to pieces with a hatchet. The police declare that the child complained bitterly of her father's treatment of her.

## Stricken In Wagon; Horse Takes Sick Man To His Home

It was due to the instinct of the horse which he has driven each day that William Butler Jr. reached his home in Eddy street Tuesday morning after he had lost consciousness, when seized by a sudden illness. Mr. Butler who drives the wagon for the Butler bakery was making his deliveries when he was stricken with appendicitis. He lost consciousness and fell in the bottom of the wagon. The horse, missing his master's hand on the lines, threaded his way through the traffic until he reached the driver's home in Eddy street, where members of the family found him. Mr. Butler's condition remains unchanged and it has not been determined whether an operation will be necessary or not.

## Education For Public Service Is Now Planned.

Columbus, Oct. 18.—Plans will be perfected for instituting a public service education for the schools and colleges of the state at a meeting of the special advisory board acting under the state civil service commission at a meeting here Saturday. Members of that special advisory board include Dr. Charles W. Dabney, president of the University of Cincinnati; Dr. R. M. Hughes, president of Miami University; Prof. A. R. Hutton, Western Reserve University; Dr. P. W. Kolbe, president of Municipal University, Akron; Dr. W. O. Thompson, president Ohio State University and J. H. Cooke, assistant state superintendent of public instruction, Columbus.

## MEXICAN SAYS U. S. TROOPS WILL BE WITHDRAWN

(Associated Press Telegram) El Paso, Oct. 18.—Under the heading "The Forces of the Punitive Expedition Will Leave Mexican Territory," La Reforma of Saltillo, Coahuila, publishes a telegram from the private secretary of Governor Espinosa Mireles, dated at Piedras Negras, Coahuila, Oct. 11. The telegram says:

"I have the honor of informing you that the international conference at Atlantic City has been completely successful and that the withdrawal of the Punitive expedition from our territory agreed upon."

The message is signed "L. Sanchez." Below is printed a message from Mexico City dated Oct. 12, which, after mentioning the border patrol scheme as under discussion, adds: "It is said, nevertheless, that in the afternoon session it was agreed that the troops of the punitive expedition would leave the Mexican republic. The conference will proceed on this basis until all the existing difficulties are solved."

## NINE PERISH IN EFFORT TO SAVE COMPANY'S BOOKS

(Associated Press Telegram) New York, Oct. 18.—Two more bodies were found today in the fire-swept ruins of the Oakes Dye Manufacturing company's plant in Queensborough bringing the number of victims up to nine. The dead, of whom six were young women, include Harry C. Cook, 42 years old, treasurer of the company and a chief bookkeeper, three assistant bookkeepers, the telephone operator and three stenographers. Investigators today expressed belief that those who perished tarried in an effort to save the company's books, which were found preserved in a safe, and were then overcome by acid fumes before the flames reached them.

The property loss is estimated at upwards of \$170,000.

## UNION STOGIE MAKERS TO VOTE ON WAGE BOOST

(Associated Press Telegram) Wheeling, W. Va., Oct. 18.—Members of the Cigar and Stogie Makers' International Union here have decided to hold a referendum election Saturday to decide whether a demand should be made for an increase in wages of \$1 per thousand. Local manufacturers declare that if the increase is granted, the price of stogies will be advanced accordingly.

## Hughes Travels All Day; Reaches Ohio Tomorrow.

(Associated Press Telegram) Chicago, Oct. 18.—Charles Evans Hughes spent virtually the entire day today traveling from Sioux City, Iowa, to Michigan, where he will speak late today and tonight. The nominee's special train left Sioux City at 11 o'clock last night and was due to reach Chicago at 11:30 a. m. today. A stay of an hour and a quarter here to switch the train from one road to another was necessary.

Mr. Hughes' first speech of the day, a rear platform address, was on the program for Niles, Mich., where he will remain fifteen minutes. He is due in Kalamazoo at 4 p. m. and will remain there an hour and a half. His program called for his arrival shortly before seven o'clock at Grand Rapids, where he will speak tonight, and for his departure early tomorrow morning for other Michigan cities and Youngstown, O., where he will make the last speech of his third trip tomorrow night.

## ANOTHER YANKEE AVIATOR LOSES LIFE IN FRANCE

New Haven, Conn., Oct. 18.—William Thaw, a former Yale student, who has been with the aviation corps of the French army since the outbreak of the war, has been killed in action, according to word received here by S. S. Walker, a member of the senior class at Yale. No details are given.

Mr. Thaw, while in college played on the freshman team and was later on the varsity football squad.

## 100 INDICTED ON TESTIMONY OF MILITIAMEN.

Charleston, W. Va., October 18.—As a result of testimony given by members of the national guard of West Virginia, until late last night camped at Kanawha City, the county grand jury has returned 100 indictments against more than 100 alleged bootleggers. County authorities allege that a majority of those indicted had a majority of the camp and sold intoxicating liquors to the soldiers.

## PROSPERITY

**Of Country Endangered By Victory for Republicans Says Sec. McAdoo**

## WALL ST. CONTROLS G. O. P.

**American People Asked to Endanger Peace and Prosperity of Nation By Turning Government Over to Inexperienced Mr. Hughes—Indulge In Condemnation of Administration**

(Associated Press Telegram) Chicago, Oct. 18.—Praise for President Wilson's diplomatic and legislative achievements and charges that "Wall street has always dominated the Republican party" and that victory for that party next month would endanger the country's prosperity were voiced here today by William G. McAdoo, secretary of the treasury, before a noon political meeting in a downtown theatre.

"The American people are being asked to put in peril the peace and prosperity of the country is now enjoying under President Wilson by turning their government over to the inexperienced Mr. Hughes and the organized band of incompatible elements which are supporting him," said Mr. McAdoo. "For two months they have condemned every act of the Democratic administration in the most unfair and untruthful manner but the American people are still without a definite answer from Mr. Hughes as to what they will do with the government if they get possession of it."

"The only definite thing we have had in the campaign came from Colonel Roosevelt, who said at Battle Creek, discussing the Lusitania: 'You ask me what I would have done, I would have seized every interned German ship.'"

Mr. McAdoo then quoted Germany's declaration of war on Portugal because of seizures of German ships by that country, and added: "Mr. Roosevelt's action would have resulted in war between the United States and Germany. And now comes Mr. Hughes and admits, as far as he is ever definite, in accordance with the bellicose attitude of Mr. Roosevelt. This is shown by his reply at Louisville to the question as to what he would have done in the Lusitania case. He said, in substance, that he would have threatened the Kaiser so effectively that the Lusitania would never have been sunk. This is characteristic evasion, for Mr. Hughes was asked what he would have done after the Lusitania had been sunk. I challenge him to answer that question."

"Who can doubt that if Mr. Hughes is made president, Mr. Roosevelt will be the dominating influence and direct foreign and domestic policies?"

"A president has it in his power to plunge the country into war at any moment. A single misstep or rash act or blunder on his part is all that is necessary. It does not require courage or statesmanship to provoke war. Any wild man or blunderer in the presidential chair can precipitate such a calamity."

Taking up domestic affairs Mr. McAdoo said the democratic administration had destroyed the system by which "the reserve money of the banks of the country was concentrated principally in New York City." He believed that Mr. Hughes, "if elected, intends to repeal the federal reserve act," and establish a central bank, "because the republican party has always stood for Wall street and a central bank."

"The demand of Wall street for a central bank will be gratified if the republicans regain control of the government," he added.

The secretary said that if Mr. Hughes "stands by his party platform he must either repeal or substitute something for the farm loan law." He argued the worst in our history is conclusive proof of republican incompetence, and added that "our vile rich, untrained and highly developed people" need fear nothing from the "competition of stricken and broken Europe, after the war."

He continued that even if we are endangered that the creation of a non-partisan tariff board and the enactment of anti-dumping and unfair competition laws by the democratic congress have already provided means to "protect every legitimate interest against hurtful combination against us."

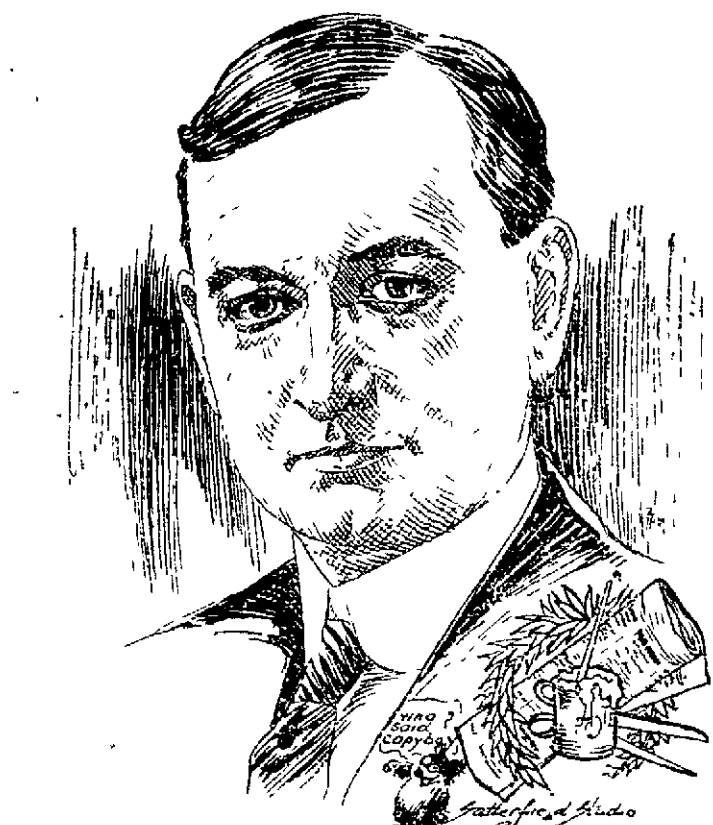

## RESCUED FROM FLAMES.

(Associated Press Telegram) Cleveland, Oct. 18.—Firemen rescued Roy Cree and L. N. Nodde from death by suffocation and burns when fire broke out in a foundry plant here early this morning. A dozen other employees had narrow escapes. Cree and Nodde were trapped in a blazing freight elevator. Both were overcome by smoke when firemen rescued them.

## SAFE IS BLOWN.

(Associated Press Telegram) Cleveland, Oct. 18.—Burglars blew open a safe in an automobile garage and repair plant and escaped with \$50 early this morning. Nitroglycerine used to blow open the vault set fire to the building, but the blaze was extinguished with little damage.

## Men of Newark

**FRANK S. NEIGHBOR, GENERAL MANAGER OF THE NEWARK News Printing and Publishing Company,** was born in Holden, Mo., in 1872, and came to the Buckeye state eight years later, settling at Utica, O., and four years later moved to Mt. Vernon, Knox county, O., where he obtained his education.

Mr. Neighbor entered the printing office of the Mt. Vernon Republican as an apprentice, serving under the management of Col. Chas. F. Baldwin, one of the foremost writers of that time. While yet a youngster, the subject of this sketch was made foreman of the plant and remained there until 1900, when he came to Newark and took charge of the American Tribune composing rooms as foreman, serving in that capacity until 1906, when he went to Sharon, Pa., taking charge of the Daily Telegraph and remaining there for three and a half years, returning to Newark in the fall of 1909.

Mr. Neighbor's ability and business sagacity were recognized by the stockholders of the American Tribune when he was elected secretary and general manager, in which capacity he has served for the past seven years. He is a member of Newark Lodge of Elks, having served as Exalted Ruler and represented the order at the Grand Lodge convention in Denver two years ago last July. He is also an active member of the Rotary club, and is ever ready to assist in any project for civic betterment. He is married and is the father of a bright little girl and a baby boy, and resides with his family in West Locust street. Mr. Neighbor is a hustler, a good business man, and a splendid citizen.

## "SUIT CLUB"

**RETAINS ATTORNEYS TO RECOVER MONEY FOR WHICH NO SUITS WERE DELIVERED.**

**Members Paid 35 Cents Weekly to "Draw" Fifty Tailored Suits—Only Few Ever Delivered.**

George Ade, known internationally for his fables in slang never "milled" a fable with a stronger moral than this Lamp it:

Four hundred and twenty-five years after Columbus discovered this old U. S. A., after journeying for weeks on the big drink, Newark, Ohio, was also discovered. This time it was not a land discovery but instead of discovery of 250 bargain seekers.

A man representing a certain clothing firm in another city after a careful survey of the geographical map of Ohio, selected the seat of Licking county for his operations. The town looked prosperous, so did its citizens.

A short time after the bargain seekers were discovered by this enterprising representative, a suit club was formed. You could buy a suit for 35 cents and maybe more. In several cases the bargain seeker was awarded a suit after he had belonged to the club only a week, and high class tailored suit. Think of the joyous tidings that young man brought to the 250 prospects.

An excellent display of material was shown. There was a chance to secure a suit for 25 cents a week until \$18 had been paid. Then if the bargain seeker was not fortunate to secure a suit the first or second or third week, he still had a chance to get the value of the money paid into the club's treasury. Joy reigned supreme.

The suit club representative labored nights to handle the mad rush of the candidates. The arms of the

law sought and secured memberships, and for a time it seemed that Newark possessed the cream of bargain seekers.

Then it happened. The representative pulled a "thaw" or in other words sought a change of climate. "Where are our suits," was the cry that went up from 250 throats and echoed back and forth through the valley of bargain seekers, but no answer.

Last night the 250 members of the suit club fought and crammed for a place in the Chamber of Commerce rooms, where they could tell their trouble and join together in mutual bonds of sympathy and condolence. Attorneys May Martin and B. G. Smythe were selected to represent the members of the suit club and try to recover their money. Thomas W. Montgomery was elected chairman of the meeting. A committee to provide ways and means of settling the trouble, also was appointed. In other words 250 bargain seekers pledged their allegiance to common cause. No more suit clubs.

**MORAL:—IT IS BETTER TO BUY AT HOME WHERE THE LOCAL MERCHANT IS A RELIABLE AND REPRESENTATIVE CITIZEN, THAN TO SEEK BARGAINS FROM AN OUT OF TOWN FIRM.**

## INDICT TWO FOR WHITE SLAVERY ONE IS WEALTHY

**(Associated Press Telegram)**  
Cleveland, Oct. 18.—Delos W. Smith, a wealthy farmer, living near Garrettsville, was indicted today by the federal grand jury on a white slavery charge. Smith, who owns a large farm, deserted his wife and children, federal authorities say, and made a trip to California with the 18-year-old daughter of a neighbor. The grand jury also indicted David Brown of Buffalo on a charge of white slavery. He induced Myrtle Johnson to come to Cleveland with him to live, federal investigators charge.

## IRON IS GREATEST OF ALL STRENGTH BUILDERS, SAYS DOCTOR

**A SECRET OF THE GREAT ENDURANCE AND POWER OF ATHLETES**

**Ordinary Nourished Iron Will Make Delectable, Nervous, and People 200 Per Cent Stronger in Two Weeks' Time, in Many Cases.**

New York, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a well known specialist who has studied widely both in this country and Europe, when, as a matter of fact, real and true strength can only come from the food they eat. The food they eat, he said, is the only thing that can give them the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can walk without becoming tired. Next take two five grain tablets of ordinary nuxated iron from three to four times a day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, rundown people, who were ailing all the while, double and even triple their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days.

time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or iron chloride, simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena. While many another has gone down to inglorious defeat simply for the lack of iron. Nuxated iron is the only iron recommended above by Dr. Sauer. It is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the stomach, make them black, nor upset the stomach. On the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to refund \$10.00 to any character of institution if they cannot take any man or woman under 90 who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Wm. A. Erman, Evans Cut Rate Drug Store and all other druggists.

**AWAITS ANNOUNCEMENT FROM WASHINGTON REGARDING SUBMARINE RAID.**

**Address in House of Lords Causes Stir in London—Newspaper Says Members Speak Bitterly.**

**(Associated Press Telegram)**  
London, Oct. 18.—The statement of Viscount Grey, the foreign secretary to the house of lords yesterday, regarding operations of belligerent war ships off the coast of the United States, caused a considerable stir, says the London correspondent of the Liverpool Post. "It has thrown a most disagreeable light upon the attitude of the American government in the early stages of the war," the correspondent comments. "Washington is shown in a querulous, capricious mood, making demands which it admitted were not legally tenable."

"The incident referred to now is ancient history and might well be forgotten but in view of the extraordinary proceedings in connection with the U-53 members are speaking very bitterly of the behavior of the American government. The stories mentioned by Baron Charles Beresford and Earl Grey seem to have some foundation, and if they are authentic the foreign secretary should be pressed to demand an explanation."

"We are awaiting some announcement from the administration in the United States after they have completed the inquiries which Viscount Grey assumes they are making, but there is no evidence that any such inquiries are in progress and the general feeling is that the matter will have to be pressed a little further."

Viscount Grey, in the house of lords yesterday, said that the United States admitted British ships were not exceeding their rights in patrolling the American coast earlier in the war, but that the American government complained of their presence there on the ground that their patrol was the cause of considerable irritation in the United States. He declared that the United States had requested emphatically that the British cease the patrol of the coast and said that instructions had been sent the commanders of the ships to comply, as far as possible, with the American request.

With regard to the German submarine U-53, Viscount Grey said he did not know what steps the American government was taking in making inquiries or what patrol measures were adopted. "We assume it will announce its attitude in due course and pending that we do not propose to make any official representation on the subject of the submarine, he concluded."

## STATEMENT WILL BE MADE SHOULD ENGLAND ASK IT

**(Associated Press Telegram)**  
Washington, Oct. 18.—The United States will not feel called upon to make public any statement on the raid of the U-53 or the submarine situation in general, it was learned authoritatively today, as a consequence of the statement in parliament by Viscount Grey, British secretary for foreign affairs, that his government would not make any official representations to this country 'till such announcement is made here.

This government, it was said, would not feel itself more called upon to make a statement to the allies about German belligerent operations off the American coast, than it would to report to Germany the recent visit of the French cruiser Admiral Aube to an American port or other allied operations on this side of the Atlantic.

Information would be probably supplied, however, if requested. At the present the state department is making a study of the whole submarine situation but is not now contemplating the issuance of general regulations such as have been adopted by small European countries which have the question before them.

## STATE OFFICERS OF ENCAMPMENT WILL BE GUESTS

Plans are being made for an I. O. O. F. rally on Thursday evening at the Odd Fellows hall, and at that time Mt. Olive Encampment will entertain officers of the state encampment.

Arriving tomorrow afternoon will be the Grand Patriarch, Rolla Smith of Port Clinton and Grand Scribe Frank Garrett of Dayton. It is also probable that the Grand High Priest, M. S. Mumma of Fostoria will be here.

All the Odd Fellows in the county have been invited to bring an open meeting for the lodge and a special session of the grand encampment will be held to confer the grand encampment degree on all past chief patriarchs.

Following the lodge work a lunch will be served and it is expected that at least 200 will be in attendance.

## ITALIAN ARRESTED FOR BRASS THEFT; READY TO SELL IT

Domenico Carlesino, an Italian employed in the blacksmith shop of the Baltimore & Ohio railroad company, was arrested this morning on an affidavit subscribed to by Patrolman George J. Mercer of the company, in Justice D. M. Jones' court charging the defendant with stealing seventy-five pounds of brass of the value of \$18.75.

Patrolman Mercer suspected Carlesino of the theft and kept a close tab on his home in Washington street and his efforts were rewarded by seeing a junk wagon drive to the place and the defendant dicker for the sale of the brass. The officer placed the latter under arrest and brought the stolen property into court.

Justice Jones fined Carlesino \$50 and the costs, the latter amounting to \$6.50. The prisoner could not liquidate and was committed to the county jail. He is making an effort to raise the amount among his friends and if successful will be released. He will be forced to seek work elsewhere as the railroad company has dispensed with his services.

**DESTROY BARRACKS AND DAMAGE ENGLISH CRUISER SAYS GERMAN REPORT.**

**Damage Amounting to Millions Said to Have Been Done By Bombs Dropped Sept. 23.**

**(Associated Press Telegram)**  
Berlin, Oct. 18.—(By Wire to Sayville.)—Eye witnesses of the Zeppelin attack on England on Sept. 23, report, according to the Overseas News Agency, that bombs hit the Grimby barracks killing more than 400 soldiers and that about sixty men were killed on board a cruiser which was hit by a bomb. It is said that Regent street, London, was for the most laid in ruins. "Eye witnesses state that more than 100 buildings were badly damaged some of them being completely wrecked," says the Overseas News Agency. "The damage is estimated at more than 2,000,000 pounds. Regent street, London, which is the main artery of commerce was for the most part laid in ruins. In a southern suburb of London an ammunition factory was blown up."

"In Liverpool a bridge and tracks were damaged so badly that it will be impossible to use them for a long time. Several benzol tanks near the Thames were damaged."

The Grimby barracks were hit and more than 400 soldiers were killed. A cruiser with four funnels which was anchored in the Humber was hit by a bomb and about sixty men were killed. Two other warships were damaged badly. At Hull some buildings were damaged so badly that only the walls remained. Great damage was inflicted on ammunition factories and railway stations at Leeds. An alcohol factory and other buildings at Portsmouth were struck, twelve cars loaded with horses were destroyed, a dock was damaged and railroad cars were blown up."

The official British account of the Zeppelins on the night of Sept. 23, issued the following night, said no reports had been received of any military damage. It was said a considerable number of dwelling houses and shops, two factories, a railway station and some empty railway trucks were destroyed or damaged and that thirty persons were killed and 110 wounded.

**(Associated Press Telegram)**  
New York, Oct. 18.—Edgar Richard, an American who arrived in New York yesterday on the steamer Ryndam, said today in reference to the Zeppelin attack on London of Sept. 23:

"I lived within a few blocks of Regent street until Oct. 5. No building on Regent street was even struck. There was no damage whatever in the Metropolitan district except at Brixton."

## FLOUR PRICES ARE AGAIN BOOSTED BY THE MILLERS

**(Associated Press Telegram)**  
Minneapolis, October 18.—Prices for best grades of flour rose 20 cents a barrel here today as a result of the continued rise in wheat prices. Fancy patents were quoted at \$9.10. First and second clears remained unchanged. The rise in price is attributed to the advance in wheat prices.

### WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?

Letter Tells of Long Suffering for Backache, Kidneys or Rheumatism Now?

Dear Readers—I am making a personal appeal to those of you who are bothered with kidney and bladder trouble, that you give up the use of harsh salts or alcoholic kidney medicines and in their place take a short treatment of "Annie's." I have taken many of Dr. Pierce's medicines for the past twenty-five years with good results. I suffered with kidney trouble for some years. I recently heard of the newest discovery of Doctor Pierce, namely, his "Annie's" Kidney Tablets. After using same I am completely cured of my kidney trouble. I recommend, heartily, all sufferers to Dr. Pierce for what he has done for me cannot be estimated highly. A doctor pronounced me a well preserved woman for my age, all due, I believe, to Dr. Pierce's medical aid.

Yours very truly, Mrs. MELINDA MILLER, Ringgold, Ohio, Route 1.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Medical Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, rheumatism, urinary troubles, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Annie's" has not been sold to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Doctor Pierce has finally decided to put it into the drug stores of this country, within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Annie's Tablets. There can be no imitation. Every package of "Annie's" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and restorative for any one.

### STEWART BROS. ALWARD CO. IN DISPLAY CONTEST

Enter National Window Display Competition for \$7,500.00 in Prizes

Fred Woodcock, who has charge of the window dressing for Stewart Bros. Alward Co., has high hopes of winning one or more of the Edison week window display prizes. The prizes aggregate \$7,500. Mr. Woodcock's window is attracting much attention. It has featured an apartment with an aged couple listening to the Edison machine playing "When You and I Were Young, Maggie." The background of the window is a large painting illustrating the song. The old lady has her knitting and the old gentleman has his pipe. The music from the machine remind them of the days when they were young, which scene is represented on the canvas. It will be worth your while to see this window.

### WELFARE BUREAU WAS NOT IDLE DURING SUMMER

Supt. W. E. Hopkins of the public welfare bureau (associated charities) of the Chamber of Commerce, has compiled a detailed financial report of the work done by the bureau during the months of June, July, August and September. The details are open for inspection of any one interested. Herewith is given a summary for the four months:

Relief orders issued, \$343.22.

Distribution of relief: Groceries, \$146.48; coal and gas, \$7.30; shoes and repairs, \$13.70; meals and lodgings, \$35.10; garden, \$8.15; rent, \$11.00.

Miscellaneous: Clothing, loans, medicines, wages, house furnishings \$121.49.

Classification of recipients: Widows, \$193.25; aged, \$29.85; sick, \$101.22; homeless, men, \$21.44; women, \$19.84; general, \$76.78.

Service given: Office interviews, 987; calls made, 993; letters sent and received, 257; applications for aid and applications for work, 71; cases given advice only, 232; employment secured, 36; help wanted men, 29; help wanted women, 40.

Meetings attended by superintendent during June and September on Community work, 62.

Service expense, \$307.78; office expense, \$16.62; total, \$324.40.

The superintendent received no salary from the society for July and August, while absent on chautauqua work.

This report was approved by the board of managers at the October meeting. A careful reading will give an answer to the question of organized welfare work during "these good times."

The report shows, for example, that of the \$343.22 distributed in relief, \$225.16 was used for the widows, aged, and sick people. And of the \$76.78 general relief, the office records show that the larger part was used to meet emergencies incidental to moving, getting started on a new position, etc. The "aim giving" that was prevalent in Newark for generations has been reduced 80 per cent. since the society was organized.

The "Service Report" is on record in the office where the conditions of public welfare are being systematically tabulated. And this report shows that the majority of interviews resulted in adjustment of difficulties even before the request for aid has been made. "The problems brought to the superintendent cover the entire range of human experience among the poor and unfortunate, and even from well-to-do families who need advice and sympathy. Some of the most needy cases, moreover, do not apply at the office, but reveal their need to the friendly visitor who comes to their home."

The board of managers, in recognition of the need of this "Charity of Service," will provide a double office beginning with November. One room will serve as headquarters for the bureau while the second will afford a place for private interviews for cases of need, personal problems, and conferences on humane work.

The Welfare Bureau is at the service of every church, fraternal organization, labor union, and all other welfare agencies.

It is a society of organized friendliness and stands ready to serve the family and the individual, the helpless and all cases of need, cruelty and neglect to the Public Welfare Bureau. Direct all inquiries and calls for service to the superintendent and send all supplies to the office.

### BAPTIST CHAPEL ELECTS PASTOR; CHURCH PROSPERS

The South Side is to have a real live Baptist church at last. Arthur E. Cowley of Denison has been called as pastor of the Baptist chapel, Third and Pataskala streets.

Mr. Cowley began to preach when thirteen years of age in England. He has had considerable experience in Evangelistic work, both in this country and in England. As an evangelistic pastor, he stands pre-eminent. A little over a year ago he graduated from the Moody Bible Institute at Chicago. There he caught some of the spirit of D. L. Moody. Mr. Cowley believes in "contending for the faith, once for all delivered to the saints." Although he has been but three weeks with the church, the Sunday school and congregation are growing. Last Sunday morning he spoke on "The Christian Race." He said that people were not reading Christian evidences from books, but that the godly man was the angeli man's Bible.

Next Sunday at 10:30 the pastor preaches on "The Christian and the Critic," at 7 o'clock on "The Only Two Denominations in the World."

### HOMER GLANCY IS ELECTED AS ELK OFFICIAL

At a regular meeting of the Elk lodge held last night, Homer Glancy was elected Loyal Knight to succeed Paul Morrison, who recently resigned having accepted a position out of the city. Mr. Glancy is one of the city's well known young business men and is an enthusiastic member of the antlered herd. He will make a splendid official and will assist in maintaining the high standard of efficiency of the present retinue of officers.

After the lodge adjourned a social session was held in the club rooms, an excellent luncheon having been provided by Col. Billy Hohl and brother Johnny, club stewards. These two gentlemen were kept busy handing out the many good things which they had prepared for the occasion and they were the recipients of many compliments on their effort.

The first indoor inning has been announced for Thursday evening, Oct. 19. On that occasion a special luncheon will be served by one of the city's well known caterers and a fine musical program will be given. Special stunts are being arranged by the entertainment committee and the inning promises to be a pronounced success.

### RETURN OF FLAG SUBJECT OF POEM SENT TO VETERANS.

At a meeting of Omar Weaver Camp, 354, United Confederate Veterans, Little Rock, Ark., held last Sunday, a poem was read in connection with the report of the trip to Newark in which the author, Josie Frazee-Capleman, perpetuated in verse the pleasant memories of the reunion of the First Arkansas Regiment and the 76th O. V. I. when the regimental banner of the Ohio regiment was returned to the survivors. At the same meeting new resolutions were adopted, sending greetings to the citizens of Newark expressing anew, the appreciation of the Arkansas people for the entertainment offered here. The poem is an expressive one and is entitled, "Take Back your Flag." A copy has been sent to the veterans here and will be filed with their records. The resolutions and poem accompanied a letter written by Gen. J. R. Gibbons, commander of the U. C. V. post, to Markon Chrisman, president of the 76th regiment.

### CULL THE PULLETS.

On most farms all the pullets are retained, whether they give promise of proving profitable or not. The pullets should be culled and all that do not come up to a set standard should be marketed. The farmer who keeps only his best pullets will not only realize more from his poultry, but will, if he culls for several years, notice an increase in strength and egg-yielding ability. In a timely article in Farm and Home, T. Z. Richey writes on this subject:

The pullets that I weed out are: Those that are backward in growth or those that feather poorly. Such pullets are lacking in constitutional vigor.

Those that have deformities, such as crooked breast or backbones. Such pullets would make poor layers because the egg-producing organs are often pushed out of shape and restricted for room.

Those that are dull and listless and that show a disinclination to forage for part of their food.

## Science Unites with Fashion to Create a New Era in Bed Designing

ONE of the most important items of news published recently appears in the current Ladies' Home Journal on the news-stands. This item is a full page story of the Simmons Bed. The facts cited in the story prove that a revolution in bed manufacture has taken place, and that this revolution so vitally affects style in bedroom furnishings that no woman can afford to overlook it.

These basic points of manufacture determine the superiority of the Simmons Bed:—

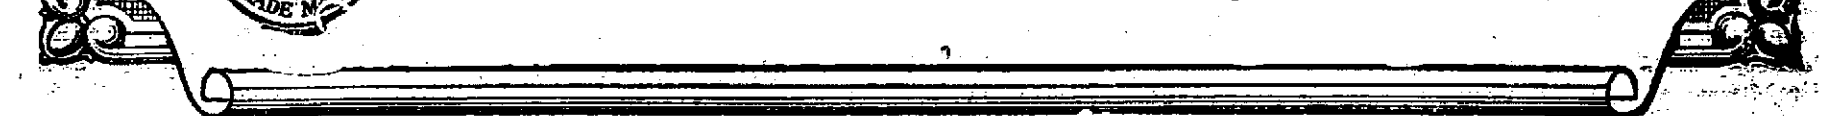

- Flawless enamel finish on steel—giving a surface which is practically everlasting.
- Electric welding, doing away with all nuts and bolts; so avoiding all rattling.
- All-steel tube, making bed one-third lighter than the former type of "iron" bed. This tube will endure forever.
- Frictionless casters which assure the bed moving at a touch. Easy on rugs.

The fact that this store has so promptly stocked these new and desirable beds proves that we present with the utmost promptness all the novel fashions and merchandise that the best makers produce.

We urge you to see this large and interesting display now.

### Frank H. Hitchcock, Receiver in Bankruptcy.

Reports in this morning's papers say that the state Republican managers, having given up all hope of carrying Ohio for Hughes have notified the national committee of that fact and that Mr. Frank H. Hitchcock is to be sent here by the national committee to retrieve the day, and that he will come with unlimited command of money.

Whenever a business concern has for many years been carrying as its sole stock in trade a collection of old fashioned, out of date and shop worn articles, never adding any lines to meet new demands nor dropping any old ones on account of the failure of demand, its affairs at last lead to no other result than bankruptcy and especially is this true when by false and fraudulent representations it has for many years foisted inferior goods on its customers.

In this year of grace the period of the political bankruptcy of the Republican party in Ohio has arrived and its manifestation is at last become clear to its management, and for exactly the same reasons which produce commercial bankruptcy.

That party has learned nothing and forgotten nothing in forty years. Morally and intellectually bankrupt for at least ten years it thought itself able to retrieve its fortunes by a campaign based on nothing else but fraud and misrepresentation. An appeal would be made to every prejudice and reliance to be placed on the ignorance, which the Republican party always assumes permeates the electorate.

Finding that a fairminded and intelligent electorate had no use for that brand of goods and having no other stock a confession of bankruptcy of course followed, and thereupon by the higher authorities that fixer of broken machinery, that bringer of light into dark places, Frank H. Hitchcock, is appointed to take charge, keep off the creditors and see if the concern can be resuscitated. Nor is he sent on to the job empty handed. Like all receivers in bankruptcy, he expects to promote the recovery of its condition by a large infusion of new capital, and hence the news is that unlimited money is to be injected into the affair.

However doubtful, however impossible, it is for his efforts to be successful in the galvanizing into life the corpse of the grand old party, we predict that he will have no difficulty in finding many patriots willing to receive a generous share of the new capital which he brings. The average Republican organization worker, no matter

### Newark Night School.

A night school for Newark will be established, if those who can make it a success are alive to their opportunity. It would mean a higher class of intelligence for the employees of many factories, and the plan as proposed by Superintendent Wilson Hawkins to the Board of Education last night will have the hearty endorsement of the Chamber of Commerce before which body it was outlined.

The object of the proposed night school is to give instruction to everyone who will have it, regardless of sex, color, nationality or creed, the only provision being that he or she be over the age of 16 years. The instruction will be given by teachers selected by the superintendent and paid for out of the public funds. Such instructors may be those from the regular corps of teachers in the public schools, or any one else who may qualify as such, and would be paid \$1.50 per night.

Instruction would be given in all of the common branches such as arithmetic, spelling, reading, writing, bookkeeping, typewriting, domestic science and manual training, providing a sufficient number would register for any one course, say 8 or 10, to justify its establishment.

In 1913 a night school was conducted in Newark for which the total net expense to the Board of Education was \$263.75, and the average nightly attendance was 66. The next year only 30 registered, and in 1915 the project was not agitated and there was no night school.

It would seem that heads of factories in Newark, would take this matter to themselves and make this night school possible. It would cost them nothing except to take interest enough to get a class together, and a teacher would be furnished such a class by Superintendent Hawkins to go into the vicinity of that factory and teach the class. It may be thought more advisable to hold the sessions in the High School, but that is a matter of detail and would not be insisted upon. All that the superintendent asks is for the demand, and he will give the supply. Furnish the classes, employers, and the teachers will be there.

Foreigners may learn English, those who have not had an opportunity in early life, may in the night school make up for this unfortunate circumstance by merely registering in the night school when it is established.

Many large factories in the country today conduct night schools which their employees are, in a sense, required to attend if they would seek advancement, and Newark, in all probability will offer these advantages to her citizens without cost to any one, except probably a small tuition fee to be charged to those over 21 years of age.

The night school for every one who will avail himself or herself of it, will be an actuality and should not meet with apathetic indifference, but an enthusiastic approval.

### Peace or War.

In declaring at Philadelphia that, if elected President, he would not tolerate "interference with American property, with American mails or with legitimate commercial intercourse," Candidate Hughes intended one of two things.

Either, for campaign purposes solely, he was putting in a bold, unblushing bid for the disloyal vote; or he was announcing a policy which, if applied, would involve grave danger of war with Great Britain and France. This last is true, because in many cases without question the so-called interferences have been within the legal rights of the Allies and in other cases within what are claimed to be their legal rights. For instance, mails to Great Britain when in American custody, unless they be "official" and so stamped with the seal of the British Government, are not British but American mails, and American mails are not American mails when in the custody of another Power, whether that Power be belligerent or neutral. Certainly, in the present desperate crisis, the

Allies would not abandon their rights in order to enable Hughes to redeem his political promises to the disloyal vote within the United States.

So it stands as to Hughes and the affairs of the Allies. As to Roosevelt and Germany, his Battle Creek speech frankly announced that, by seizing the interned German ships in American ports, he would have committed an act of war against Germany had he been President. Hughes is running on a platform, substantially, of war with the Allies, and Roosevelt is running Hughes on a platform, literally, of war with Germany.

Now as to Hughes and Roosevelt and domestic affairs, both want a "reversal" of the Wilson policies. That means, primarily, repeal of the Adamson Eight-Hour Law. Here both are on a platform which practically declares an industrial war within the United States. Both also seem to agree upon a policy of a war of subjugation in Mexico.

One after another, Republican, Progressive and Independent leaders of national thought, commerce and industry have come forward saying that nothing has been lost to America by President Wilson's refusal to be led into any one of the above four possible wars which would have been gained by war. The President has stood for the exhaustion of the processes of peace before resorting to war—and the processes of peace have proved adequate. We have peace and we have honor and we have the blessings of both. Look the field over; you will not find the charge that American honor has been sacrificed emanating from any other than a partisan source.

### John E. McCracken.

John E. McCracken of Hopewell township, who is one of the Democratic candidates for county commissioner, was born and reared on a farm in Licking county and has lived in the county all of his life. He was educated in the country schools, in which he afterward taught, for a number of years.

Mr. McCracken stands very high in the community in which he lives, where he is known as a man whose dealings with all are always "on the square," and a man who is known in that way among his neighbors and friends can well be entrusted with a public office.

Mr. McCracken is a firm believer in the strictest economy in the expenditure of the county's money by the commissioners, that is consistent with efficiency, and when elected will use his best endeavors toward seeing that such a policy is carried out.

Mr. McCracken is an enthusiastic farmer's grange advocate, and of course is an influential member. He will make a most admirable commissioner.

### Two More Days.

Once every four years and more frequently in case one changes his place of residence, every man in Ohio who resides in a city having 11,800 or more population, must register in order to vote. Newark men therefore must all register anew this fall. Two of the registration days have passed and only two more opportunities to register are offered. Those who failed to register on Oct. 5 or Oct. 12 must, if they want to vote on November 7, register either next Friday or Saturday, Oct. 20 and 21. The hours are from 8 a. m. to 2 p. m. and from 4 to 9 in the evening. Tell your neighbor and ask him to register.

John Swartz has accomplished a great deal of work during his first term as County Surveyor, and at a minimum expense. The records show that from October 1, 1915, to October 1, 1916, Mr. Swartz put in \$392,000 worth of work which cost 4.6 per cent. This included work on state and county highways, bridges, ditches and all other work appertaining to the surveyor's office. Such efficiency and economy deserves recognition by an election to a second term.

Roy L. Patton was defeated by less than 200 votes two years ago, and certainly has not lost any of his strength, while many events have happened since the present incumbent has been in office to weaken his popularity. Sheriff Patton will conduct the office in strict accordance with the law, and will be holding to no one except the citizens of Licking county.

Wilson has done more than any other President. Hughes complains that he has done most things wrong. But Hughes does not say what he would have done.

Other Presidents than Wilson have talked about a square deal. Wilson has lived it.

### PRICES OF WOOL GOING HIGHER

Sheep Also on the Rise, Owing to Democratic Prosperity for the Farmer and Wool Grower.

An Advocate representative was further enlightened by Mr. Charles Donaldson, the well known stock dealer and wool buyer of Eden township, a few days ago, settling all doubts as to the benefits of Democratic prosperity which are enjoyed by farmer and wool growers.

"I am convinced," said Mr. Donaldson, "that prices for wool are still going higher. Notwithstanding the fact that I have paid more for wool the present season than in all the 25 years that I have been a wool buyer, I am satisfied that the top prices for the staple have not yet been reached. I make this statement from the best information obtainable from the condition of the market and the demand and supply at the commercial centers of the world. I never knew the large dealers of Boston to be so sanguine about future increase in prices as they are today. But the higher prices are not confined wholly to the wool staple. It is of greater interest and significance to every farmer that prices for sheep are higher than I have ever been able to pay in all my past experience. I have not urged any of my farmer neighbors to sell their sheep in view of the evident prospect for higher prices. I have simply purchased sheep from farmers who had more than they felt able to keep over winter, and if I were to sell these sheep now I could not replace them at the prices that are now prevailing. I look for sheep prices to be higher than have been paid in Licking county for more than 25 years, and higher than ever was paid under the period of high tariff on wool."

"I wish to add," said Mr. Donaldson, "the farmer is only getting his own out of this Democratic prosperity that the American people are enjoying."

## Double Arm-Lock Fatal to Bowser in Johnstown Match; Lost to Light Heavyweight

In an effort to prove that he was a legitimate middleweight and to give the lie to a story that he was a "four-flusher," Paul Bowser, world's middleweight wrestling champion, at Johnstown, Pa., on the night of October 13, suffered defeat in two straight falls at the hands of Joe Varga, claimant of the light heavyweight championship of Europe, Greco-Roman style.

Bowser, caught in a trap by Varga fell into a double arm lock hold and was thrown over the Hungarian's shoulders to the mat.

"It was a flying fall and a nasty one," Dean Ashton, sporting editor of the Johnstown Tribune, said in his story of the bout. "Bowser landed on top of his head and with Varga's weight on top to assist the fall. It was at first thought that Bowser had been badly injured but he recovered and after a short rest went to the mat again with Varga, only to lose in less than three minutes wrestling."

"Varga and Bowser," Ashton writes, "had contracted to weigh in at 165 rinds. Bowser tipped the beam at exactly 158 1-2 pounds, within a half pound of the middleweight limit. Varga was overweight and forfeited his weight money to the middleweight champion."

"The middleweight belt did not change hands last night because with the toe hold barred and Varga over weight, the match was not a championship affair."

Bowser on his return to Newark brought with him two newspapers containing the account of his victory over Varga at Johnstown one week previous to the match which he lost, and papers containing the story of his defeat. In order to be fair to the fans of Newark, who have stood by him, through his trial at the hands of the "knockers," he placed the papers in the hands of the two sporting editors of local papers, with instructions to inform the public.

"I have always tried to be fair with the fans in Newark and I don't want anyone throwing my defeat at me when I start the game here this season," Bowser said today. "I know what some of the people will say when they learn of my defeat, of which I'm not ashamed, so I want to tell of it myself."

"The first time I met Varga in Johnstown we met for a side bet of \$500," Bowser said, and he had agreements and newspaper clippings to back up his assertions. I beat him in two straight falls by the aid of the toe hold."

"Varga said I was not a legitimate middleweight, called me a 'four-flusher' and said I was afraid

to meet him in a bout at 158 pounds with the toe hold barred," Bowser said. "I agreed to make the weight and did, but so weakened myself in the attempt that I was not able to put forth my best effort."

Dean Ashton in his story of the first bout stated that Bowser displayed his superiority over Varga at all stages. In his account of Bowser's defeat, Ashton wrote:

"Up to the moment when Varga secured the grip that resulted in his defeat, Bowser appeared to be the better man. The fact that the toe hold was barred, handicapped Bowser. Around that hold he built almost his entire wrestling defense. Even with that grip barred the champion appeared to be the winner. To many it appeared but a matter of time until Bowser would pin Varga's shoulders to the mat."

"For a second Bowser was careless. He missed his grip on Varga's legs and a second later he had been crushed senseless beneath Varga."

Following the match Bowser asked that Varga meet him in a return match, with the following conditions embodied in the agreement: "The match to be a combination of Greco-Roman and American style wrestling. The man winning the fall in his particular style, if the match went to a fall each, in the quickest time, would be permitted to name the style of wrestling for the deciding fall."

Varga refused to enter into this agreement and unless Bowser can prevail upon him to agree to another match this winter, it is doubtful if the men will ever get together again.

Varga is content with his victory and does not care for another whirl at the champion with nothing barred but the strangle hold.

Bowser today announced the card for his first show to be held at the Auditorium Thursday, Nov. 2. Charles Metro, light heavy weight Turk of Boston, will be Bowser's opponent. A good preliminary card is also assured.

The champion has begun active training for his match and promises that he will never be caught napping again, as he was when he met Varga at Johnstown, Pa.

DEMONSTRATION AGAINST ALLIES MADE IN ATHENS

(ASSOCIATED PRESS TELEGRAM)  
Athens, Tuesday, Oct. 17, Via London, Oct. 18.—After the demonstration here against the entente allies, during which a procession of several thousand persons marched to the American legation and protested against the landing of French marines, a delegation of six persons called at the American legation and presented petitions asking the sympathy and protection of the United States against the encroachments of the entente powers.

The American minister, Garrett Drovers, promised to forward the petition to Washington.

Three hundred French marines were transferred today from the municipal theatre to the Zappeion exposition building within 400 yards of the king's palace. They marched through the streets with bayonets fixed and trumpets blowing.

Midway on their march the French contingent met three companies of sailors from the former Greek fleet.

When the squads met, the Greeks turned down another street, leaving the stadium street to the French.

Wheat Goes To \$1.68 In Chicago; New High Record

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Oct. 18.—All high prices since the European war began were reached today in the wheat market here. Notwithstanding a jump yesterday of more than seven cents, the market today ascended farther 4 7/8c, with December touching \$1.68 as against \$1.63 1/8 to 1/2 at yesterday's finish.

AVIATOR WOUNDED.  
(ASSOCIATED PRESS TELEGRAM)  
Paris, Oct. 18.—The newspaper Sporting says it learns from an authorized source that Capt. Boelke, the celebrated German aviator has been severely wounded by a shell from a French anti-aircraft gun. On Oct. 8th Boelke brought down his thirtieth entente allied machine.

CAPTURE 250 PRISONERS.  
Berlin, Oct. 18, via London.—On the western bank of the Narayukva river, southwest of Herbutov, in Galicia, Bavarian troops yesterday stormed a Russian point of support, assisted by German troops, and took 250 prisoners and 20 machine guns.

RELATION ILLEGAL.  
Columbus, Oct. 18.—Attorney General Turner held today that the attempt of the state board of health to elect Dr. Frank G. Bordreau as secretary of the board at a special meeting August 4 at Cedar Point was illegal because it was not a regular meeting of the board.

### 30-DAY SENTENCE FOR THEFT; TOOK GRIP FROM HOTEL

In the case of the State of Ohio vs. Andy Lacey, the defendant appeared in court and changed his former plea of not guilty to guilty of petit larceny. He was charged with having taken a suit case from the Hotel Warden some weeks since. He has been in jail 82 days. The court sentenced the defendant to jail for 30 days.

Citizens National Bank of Springfield, vs. George D. Helsey, judgment of dismissal without prejudice.

John F. Flannigan vs. Eugene J. Koos judgment of dismissal.

Dora Lane vs. Frank P. Lane, et al. leave given to file answer on behalf of Frank P. Lane within 3 days. The suit was brought for the partition of real estate in this county.

For trial Thursday: A. B. Hampshire vs. Ben E. Jones, et al.

For trial Friday: Lorena M. W. Willey vs. John W. Rowland.

Florence Graham vs. Chas. H. Swank, et al., the jurors returned a verdict for the plaintiff. The suit was brought to determine the ownership of certain personal property levied upon by an attaching creditor as the property of plaintiff's husband. The jurors found that the property belonged to Mrs. Graham.

Emma J. Hartshorn vs. David Crothers, a suit for damages for personal injuries received by being run into by a bicycle. The jurors returned a verdict for plaintiff for \$200.

Assisted the Lad.  
Johnny Griffith, not the prize fighter, was brought into Justice D. M. Jones' court late yesterday by Patrolman I. O. Stouffer on a charge of train riding. He was a mere youth hardly of age and stated that he was endeavoring to secure work.

Justice Jones, who has a big heart and always endeavors to assist the wayward brought before him, gave the boy a fatherly lecture and then arranged with a friend to give the boy steady employment, where he will be enabled to earn a livelihood.

The youth left after thanking the kind-hearted justice and promising him that he would lead an honest, up-right life.

Ditch Hearing.  
A large number of witnesses were present at the Gaylord ditch hearing today before the county commissioners, the latter making their report on same. The proposed ditch is located in Harrison and Lima townships and is about three miles in length and its estimated cost is \$3,520.53. It is part open ditch and part tile.

Divorce Petition.  
Mary J. Cercol has filed a petition in probate court against Joseph Cercol. They were married in Sept., 1910, and are the parents of one child four years of age. The petition alleges drunkenness for more than three years past and extreme cruelty, in that defendant has repeatedly beat her, blackening her eyes and injuring her for weeks at a time. She asks for a divorce, alimony and the care, custody and control of the minor child.

NEURITIS—ACUTE RHEUMATISM**

Ion-o-lex Unguent is the discovery of an English scientist—it is used by many of the most prominent physicians in England—and also in the English military hospitals where it is proving wonderfully successful in cases of pneumonia, bronchitis and similar diseases.

Dr. J. H. Wilson, one of the most prominent of English physicians who has studied the use of Ion-o-lex in private practice and in the English military hospitals, writes of it:

"A large number of cases of Acute Pneumonia and Bronchitis have now been treated with it, and in every one temperature has been reduced to normal within 24 hours, with rapid relief of symptoms."

Ion-o-lex Unguent is a household necessity—it is entirely harmless and is amazingly effective in cases of sore throat, croup, tonsillitis, acute rheumatism—and in furnishing almost instant relief in cases of burns, scalds, wounds, etc.

# AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and youthful at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents.

Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

**600 ATTEND BAPTIST MEET AT MT. VERNON**

Mt. Vernon, Oct. 12.—The ninety-first annual session of the Ohio Baptist convention opened here yesterday. There are about 600 delegates in attendance. Rev. J. C. Massey of Dayton gave the devotional address. Reports showed encouraging conditions throughout.

Fourteen new ministers were received into the convention by Dr. J. H. Lloyd of Youngstown. Dr. L. W. Doonan of Columbus responded.

The afternoon session was devoted to the Woman's Baptist Missionary Society of Ohio. The state pastor's conference elected these officers: President, Rev. Vernon S. Phillips, Columbus; vice president, Rev. C. M. Eddy, Zanesville; secretary and treasurer, Rev. George L. E. Mt. Vernon.

The session continues until Thursday. Norwood is seeking the 1917 meeting.

# NIGHT SCHOOL WILL BE STARTED; BOARD APPROVES

The school board held a regular session last evening in its office in the High school building. All members were present, Hon. William E. Miller presiding. The only business transacted was the allowing of the regular bills. The meeting was brief. Superintendent Wilson Hawkins made a verbal report of his visit to the Cincinnati schools and gave interesting statistics regarding one of the High schools in the Queen City, the construction of which cost \$900,000. There are 86 members of the faculty and 1,800 pupils attend. The matter of a night school was discussed and all members are in favor of the same. The board will work in conjunction with the Chamber of Commerce. President Miller in discussing the proposed school stated that it would be beneficial to many who can not take advantage of day instruction and the school would not be for foreigners alone but for all who wished to take advantage of the educational facilities which would be offered. The board is willing to furnish instructors and Supt. Hawkins was authorized to advertise for the registration of pupils.

# LOCAL DOCTORS TO HEAR LECTURE BY DR. BRIGGS

Physicians of Newark and Licking county will participate in an important medical meeting at Zanesville on Wednesday, Nov. 1. Plans were announced in Columbus by George V. Sheridan, executive secretary of the Ohio State Medical society.

The meeting is one of a series of post-graduate conferences, which are being held at geographic centers throughout Ohio, under the auspice of the State Association. The Zanesville meeting will include all physicians in Licking, Muskingum, Coshocton, Fairfield, Perry and Guernsey counties.

The meeting will be devoted to consideration of "Fractures and Dislocations." The lecturing and demonstrating will be by Dr. Charles Edwin Briggs of Cleveland, associate professor of surgery, Western Reserve University School of Medicine, and first assistant visiting surgeon at Lakeside Hospital.

The visiting physicians will be the guests of the Muskingum County Academy of Medicine. The meeting begins in the morning. At noon a banquet will be given at the Clarendon Hotel.

# 25 Years Ago

(From Advocate, Oct. 18, 1891.)

There was quite an enjoyable time at the home of Mr. W. C. Kuster, on North Fourth street, last evening. The event was a surprise upon Mr. Kuster, that had been planned by his wife in honor of the twenty-first anniversary of his birth and about 25 young people were present.

The home of Mrs. Lida Coil corner Fifth and Harrison street, was invaded with a band of candy makers last night, and a delightful surprise it was. Music and taffy pulling was the order of the evening.

Jas. Kelley and wife have returned from their European trip, after an absence of about three months. Chas. A. Lytle started for Los Angeles, California, yesterday.

# 15 YEARS AGO TODAY.

(From Advocate, Oct. 18, 1901.)

A most novel and enjoyable entertainment of the season was given by Mrs. George P. Webb yesterday afternoon in honor of her guests, Mrs. Hiram Crouse of Toledo and Mrs. Armbruster of Columbus. The guests were asked to come representing the title of some book and the request was well carried out.

Misses Maud Irwin, Bessie May, Ethel Church and Katherine Frye, chaperoned by Mrs. Church, visited the ruins of Hebron yesterday afternoon.

Conrad Deutsch, William Strecker, Carl Meder, Carl Block, and William Gundlach, glass blowers, left for Terre Haute, Ind., to work at their trades.

Misses Helen Goldsborough and Beulah Miller attended the football game at Granville this afternoon.

Mrs. George Bader of Western avenue gave a party Wednesday of this week celebrating the sixth birthday of her little daughter.

# EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water-drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

# Teuscher Forgot Fishing Tackle; Fish Unmolested

A. P. "Dutch" Teuscher, the West Main street tonsorial artist, left early yesterday for the vicinity of Toboso, having heard that the black bass in that section of the county were fighting with live bait. "Dutch" packed his lunch basket, took along an extra package of Union Workman and a new corn cob pipe and promised the little Teuschers that they would have some nice, fresh water fish which father would catch for them. "Dutch" arrived back in the city about one o'clock but he didn't have any fish; in fact he didn't have much of anything but a sheepish look. Then it all

loaked out. After he had traversed meadows, dales and hills for a distance of three or four miles and proceeded to unpack, he couldn't find his fishing tackle and then it dawned upon him that he had left it in the back room of his barber shop in Newark.

Plain and Pretty.  
Hokus—Have you ever noticed that a fellow always admires a clever girl, even if she is plain?  
Pokus—Yes; and I have also noticed that the same fellow is just as likely to marry a silly one, if she is pretty.—Life.
